Letter From Our President

Good evening,

On behalf of the San Antonio Masonry Contractors Association, I'm honored to welcome you to the 2026 Golden Trowel Awards Banquet.

Tonight, we come together to celebrate outstanding achievements of Architects, Masonry Contractors, General Contractors and Suppliers that exemplify excellence in the masonry projects throughout San Antonio and the surrounding areas. The versatility of masonry allows architects to create innovative, durable and beautiful industrial, commercial, and residential structures – many of which are being recognized here this evening. This is a testament to that versatility and collaboration at its finest.

A special thank you to our distinguished judges who dedicated their time and expertise to evaluate the submissions. We are also deeply grateful to Tony Topping and Debi Solis for their commitment in preparing the projects for judging and for their invaluable support of the masonry community.

This evening's event would not be possible without the efforts of the Golden Trowel Event Committee: Chairperson - Jacklyn Rudd and Members - Manuel Delgado, Marisol Delgado, Justin Hamilton, Leroy Jackson and Mike Atwood.

Congratulations to all of tonight's applicants. Your work continues to inspire excellence in the design, innovation and craftsmanship.

Enjoy your evening!

Derrick Stone
President 2026
San Antonio Masonry Contractors Association
